- Vision means “revelation.
- The questions are, who are we, what are we, and where are we going?
- The vision of Love & Faith – “To equip the children of God to know His voice”

Family Really Matters - Joshua 24:14-15

- In this series we are coming into a greater understanding about how important family really matters.
- When children are born into a family, or adopted into a family, or placed into a family, we are entrusted with the care and nourishing of that child.
- I have not met any person in my lifetime who did not want to be a part of a family.
- We all long for the sense of security that a family gives.
- There is no difference spiritually than it is naturally.
- Our families are in trouble, both naturally and spiritually.
- We must turn back to God to find the answers on how to rescue this institution called the family.
- We have been looking into the Word of God so that we can have a healthy and robust family.
- A strong family has a we mentality not a me mentality.

- Here in our text, Joshua is at the end of his life.
- Joshua first decided to become what he wanted his family to become, then he said this is what I expect of my family.
